A lovely picture of Arthur's superhero too- his Dad!

KEY STAGE ONE- PHONICS SUPPORT

EVERY DAY our pupils were used to having phonics lessons in school. Many of you have already accessed Ruth Miskin's **Read Write Inc.** website as we share this with you.

If you haven't seen it or their new phonics lessons for use at home, it **models exactly how to say each of the sounds** and this could be something you practice everyday at home! Once children have mastered these sounds and can recall each of them, it unlocks reading on so many ways!

There are also lots of "story time" readings and activities on here too!

Young Voices have now created YV at HOME.

YV at HOME is a platform to bring you lots of fun music and movement sessions all for free, that children and parents can access and enjoy from your safe place.

Expect interactive tutorials, demonstrations and performances all suitable for adults and children. Some live workshops in the past (still available on YV Youtube channel 'YVTV') have included: instrument lessons, dance sessions, write your own freestyle rap sessions, sing-alongs and beatbox workshops!

Join in with future live YV at HOME sessions by following Young Voices on Facebook. Song lyrics and sheet music for instruments is also available to download on their website

Learning at home!

Here are some photos of activities happening in your homes! It looks as though you are making the best of your time together as families!

A Special "Thank you!"

We were the very lucky recipients of a kind donation of fruit from the Spalding COVIDKINDNESS TEAM, supported by Councillor Robert Gibson. This helped us to provide fresh fruit for the pupils who are attending school, as well as sending everyone home with a bag to share with their families.

If you are in need of a care package, or know someone who is, please let me know and I can refer this to this fantastic team- they are keen to help ANYONE in need!

Eating healthily is very important and can also support health minds and wellbeing.
